PROFESSIONAL SUMMARY

Goal-orientated, collaborative, and efficient programmer with excellent attention to detail. Highly effective at collaborating with teams to complete tasks according to schedule goals. Forward-thinking and strategic leader with focus in content web development looking for a growth-oriented position where I can use my programming skills to accomplish the organization's goals and objectives and have the opportunity to expand my knowledgebase.

PROJECTS

Portfolio Project – https://theodorenestel.dev/
- Utilized Gatsby, React, 3js, scss, animejs, to create a site that is interactive, modern, and user friendly that showcases my skillset.

VTuber Landing Page – vouivr.es
- Worked with client to ascertain website goals and style. Utilized barbajs, scss, animejs to create a site that fit the client's specifications and goals.

Alcohol Cat – https://github.com/TheodoreNestel/alchohol-cat
- React app used to calculate total calories based on alcohol consumed. Features a simple UI.

Hairdresser Portfolio Site – https://github.com/TheodoreNestel/Sarah-portfolio
- This project features ParselJS bundler to combine traditional website systems with a React photo library and a PHP photo backend.

Neon-Racing - https://neon-street.racing/
- Full stack React application that uses google maps API to let users add routes to their profile. Restful API backend is built using ExpressJs.

In Progress –

Instance based React app platform currently in development under Day55
- Details of the project are under an NDA. Development of a commercial framework using React and custom library.

EMPLOYMENT HISTORY

Assistant Director of Programming and Memory Support
Pathway to Living, Chicago, IL
Assisted the Director of Viva Life and Memory Support in supporting communities by designing, reviewing, and editing calendars and newsletters. Worked with the Director to ensure new managers in the communities were onboarded according to company standards and assisted in managing new company initiatives.

Sales Associate
Burdick Hyundai, Liverpool, NY
Showcased Hyundai vehicles to potential customers and provided recommendations based on customers' automotive requirements. Responsible for managing all paperwork associated with the purchase of a vehicle, delivered vehicles to customers and ensured questions about the vehicle were answered, and offered solutions to update online sales procedures and facilitate online inquires.

Barista
Starbucks, Liverpool, NY/Ottawa, ON/Key Largo, FL
Collaborated with team to provide fast, friendly service to all patrons at multiple Starbucks locations. Maintained Starbucks expectations by handcrafting customer orders and completing store maintenance. Carried out transactions at POS system, including cash counting and balancing of the cash drawer.
